Property Description

The design of these villas is modern and fresh. The horizontal lines, parallel to the sea, create a symmetrical shape, while the vertical lines break and give movement to the villa. Set on 2 levels, this spacious Costa del Sol villa is going to be built using only the finest materials throughout. Every single element, starting from the architecture that gives shape to the building up to the smallest design details, pursues the same philosophy and uses the same language. All the qualities we use in our houses are of the highest standards. The design of this villa seeks to maximize the indoor-outdoor flow that is so essential for a Mediterranean lifestyle. All the highest qualities we use into our houses are high standard, we only use the best marbles, woods and carpentry for our luxury designs. Our in-house interior designers will work together with you to find the best choices in furniture and finishes.
