## Property Description

Puerto Marina is located in the heart of the Mar Menor. It is situated in a typically Mediterranean village called Los Alcázares. This luxury residential consists of a variety of apartments enclosed in a gated community with communal swimming pools, garden areas and parking spaces. The development is 10 minutes walking distance from the sandy beaches and crystal clear waters. The airport of San Javier is less than 5 minutes drive from the development. Los Alcázares is an old fishing village, which has become a tourist centre, without losing its intimate character. It's a lovely village that has kept its traditional architectural style and that's the reason why our residential has the same style on the outside although inside its finishing is of a high tech design.
